

# Confidentiality for young people

## We are here to listen, not to tell.

Fishguard and Goodwick Young Persons Trust (POINT) are a confidential service to all users.

What you tell us will stay with us, unless you or someone else is at risk of serious harm. Our main priority is ensuring you and others are happy and healthy, which sometimes means having to pass on information to other agencies

We will endeavor to talk to you first, if we have to tell another agency what you have told us.
